### Junior African Round Square Conference

This past weekend Penryn College played host to the annual Junior African Round Square Conference. Round Square is an international organization of schools sharing a common goal – to prepare scholars for life beyond the realms of the classroom. Seventeen schools attended the conference. This included the International school from Ghana, Starehe and Brookhouse from Kenya and St George's from Namibia. The delegates were placed into groups (Baraza's) which allowed them the opportunity to interact and form strong friendship bonds with delegates from other schools. The theme was African Footprints and the delegates were treated to a very busy programme, with all activities being based around this theme. Thank you to Mrs Allison Hay and her team on a well organized and successful programme. To our scholars who participated and led groups – thank you for holding the Penryn flag high – you did us all proud.

### Community Service

A group of scholars, namely, Caro Picardo da Sousa, Michal-Mare Linden, Tessa Ware and Tanya Misquitta visited the Silver Seniors Club in White River and served tea and lunch to the "Golden Oldies".
