PPA

Wow! World Cup Soccer 2010 has come and gone and the third term is upon us! It almost seems quite unbelievable! For those that went to watch matches or watched on TV, it really made its mark. It was a positive and exhilarating to be in South Africa. With all the hype and build-up, and with some people suffering from withdrawal symptoms, its time to get back onto the regular wagon.

For the Matric and their parents, that is literally what it is. What car, what to wear etc…..

With the Matric Farewell this weekend, the focus of Matric and Grade 11 scholars is the Dance. Finding the right partner, outfit and getting there on time is the focus of the Matrics, where the Grade 11's have to contend with getting the décor and preparations done on time.

Feel it! It is Here! It is happening this weekend!

But for the Matrics, from Monday it will be gone and it will be time to move their focus from party time to Prelim time. To all the parents who are writing Matric again, be patient with your young adult, make the run-up to Prelims as stress-free as possible. GOOD LUCK!

In keeping with the sporting spirit, scholars have been allowed to continue to wear supporters' sports shirts to school on Fridays – what a super gusture! All part of spirit building!

To all the Grade 11's, parents and teachers who will be working hard this weekend – we wish you all the best for Matric Farewell!
